Work Experience

Enterprise Product Leadership, Aptean, Berlin, Germany — Jul 2026 - Present

- Lead 3 product verticals and 12 Product Managers across Europe, US, and Asia, driving Product Strategy, Portfolio Management, Road mapping, and Product Operations.
- Consolidate 20+ product lines into an enterprise roadmap, identifying integration opportunities across 6 product lines and eliminating 3 instances of duplicated development through portfolio-level prioritization.
- Drive AI-native Product Management across distributed teams, embedding AI into Product Discovery, Knowledge Management, Product Requirements, and the end-to-end product lifecycle.

Highlights: Unified 20+ product lines and 3 product verticals under a single enterprise investment view, replacing fragmented stakeholder-driven prioritization with the first jointly prioritized enterprise product roadmap.

Head of Product Management, Germanedge Solutions GmbH (An Aptean company), Berlin, Germany — Mar 2025 - Present

- Lead Product Management across 5 product domains, aligning Product, Engineering, Sales, and Professional Services around product strategy, prioritization, and portfolio execution.
- Built an AI opportunity pipeline of 120 use cases with 17 prototypes and 7 enterprise customers, identifying opportunities with €500K+ ARR potential through structured discovery and validation.
- Embedded AI into Product Operations, reducing AI context consumption by 90%, knowledge updates from 3 to 4 hours to under 20 minutes, and PRD creation from 8 to 10 days to under 3 hours.
- Standardized Release Management to achieve 100% release cadence adherence from Release 3, while reducing final release consolidation to 0.5 day.
- Led critical customer delivery 1 day ahead of deadline, addressing reported $2M legal exposure and enabling the subsequent Phase 2.

Highlights: Built an AI-driven product transformation across 5 product domains, validating 120 use cases with 7 enterprise customers, unlocking €500K+ ARR opportunities, reducing AI context consumption by 90%, and cutting PRD creation from 8–10 days to 3 hours.

Co-Founder & CPO, Retrac GmbH, Berlin, Germany — Aug 2021 - Feb 2025

- Transformed an early SaaS POC into a scalable B2B2C Prop Tech platform spanning the full tenant lifecycle through end-to-end product strategy, discovery, prioritization, and lifecycle management.
- Led Product, Design, Strategy, Discovery, and Road mapping, scaling the platform to 12 enterprise customers and 30,000+ apartments across iOS and Android.
- Raised €200K in seed funding while driving company-level Product, Technology, Customer Value, and Growth strategy.
- Delivered behavioral product innovation that reduced consumption by 9% to 15.62%, generating €90K annual energy consumption savings across 2,000 apartments through measurable customer value realization (check portfolio for more details).
- Helped take the product from an early SaaS POC to an acquisition-ready platform within two years, supporting a customer acquisition in 2024.
- Joined Retrac at an early stage as a working student and progressively expanded from product and design responsibilities into broader company-level ownership, helping transform an incomplete POC into an MVP before progressing into Product & Design leadership and ultimately Co-Founder & CPO.

Highlights: Transformed an early SaaS POC into an acquisition-ready B2B2C PropTech platform serving 12 enterprise customers and 30,000+ apartments, while raising €200K seed funding and delivering combined €300K annual savings for customers

Senior Product Manager, Roundglass Living, India Jan 2016 – Mar 2021

- Led Product and growth for Aware and Zoojoo.be as part of the founding team, contributing to their acquisition by Roundglass Living and subsequent integration into Roundglass Living.
- Led B2B/B2C product strategy and end-to-end product lifecycle across web, mobile, and tablet, spanning customer discovery, research, UX, prioritization, and roadmap execution.
- Scaled Zoojoo.be to 500K+ registered users across 52 corporates, including HP, Accenture, Tesco, Bayer, and JLL.
- Built Aware into a highly rated mobile product, reaching 4.7 rating on Google Play store and 4.8 rating on the Apple App Store, with 600K+ downloads.
- Improved Roundglass Living conversion by 4% and retention by 8%, while reducing Zoojoo.be operating costs by 35% through product and operational optimization.

Highlights: Scaled a multi-product B2B/B2C portfolio to 500K+ Zoojoo.be users and 600K+ Aware downloads, while driving 4% higher conversion, 8% retention improvement, and 35% lower operating costs.

Founder, Deliver.it, India Aug 2013 – Nov 2015

- Co-founded and built a hyperlocal delivery startup from concept to profitable business, owning product strategy, operations, logistics, vendor network, and service design.
- Built a mobile ordering platform connecting students with local food, grocery, and stationery vendors.
- Company acquired in 2015.

Highlights: Built and scaled a hyperlocal delivery business from concept to profitability before acquisition in 2015.
